## ABOUT ME

I conduct academic projects and community work on artificial intelligence and autonomous systems. I aim to translate my technical expertise into tangible value in R&D-focused innovative projects.

## WORK EXPERIENCE

- INTERN ENGINEER** 06/2026 – Present  
**TEI - Tusaş Engine Industry** Eskişehir, Türkiye  
- I am currently completing my mandatory internship as a trainee engineer at Tusaş Motor Industry Company's Eskişehir campus.
- INTERN ENGINEER** 07/2025 – 08/2025  
**Kartepe Municipality** Kocaeli, Türkiye  
- As an intern engineer in the IT department, I worked with computer hardware, cameras, and printers, and completed a service maintenance form desktop application project within IT requirements.
- IT INTERN** 11/2023 – 06/2024  
**Mehmet Akif Ersoy University** Burdur, Türkiye  
- I was responsible for technical support and equipment processes within the faculty.

## EDUCATION

- COMPUTER ENGINEERING** 2023 – 2027  
**Mehmet Akif Ersoy University** Burdur, Türkiye  
- GPA: 3.50/ 4.00
- COMPUTER SCIENCE** 2025  
**Bialystok University of Technology** Poland  
- Erasmus+ Student Mobility
- ENGLISH PREPARATION CLASS** 2022 – 2023  
**Mehmet Akif Ersoy University** Burdur, Türkiye  
- Completed B2-level language course. Final grade of 87/100

## SKILLS

- Programming & Web**  
C/C++, OOP, Python, Laravel, Vue.js
- Tools & Infrastructure**  
MySQL, Linux (Terminal), Git/GitHub, TensorFlow, PyTorch, Arduino

## LANGUAGE

English — B2 (87/100)

## PROJECTS

- DIGITAL DENTAL WORLD - MULTI-LAYERED E-COMMERCE ARCHITECTURE** 10/2025 – Present  
- I am developing a scalable e-commerce platform (Laravel/Vue.js) featuring RBAC panels, RESTful APIs, MySQL optimization, and PayTR integration.

## EXTRA-CURRICULAR ACTIVITIES

- Tübitak Star Scholarship**  
- Developed the embedded systems and web interface for the TÜBİTAK 1001 'Modular Thermoacoustic Cooler' R&D project, optimizing hardware communication and user interaction.
- T3 Foundation Instructor Mentor**  
- Mentored students at Deneyap Workshops and took active roles during Teknofest competitions.
- Teknofest Community**  
- Community Board Member playing an active role in event and project planning.
